📄 PROFILE

A dedicated frontend developer who transitioned from a law career to pursue personal aspirations. With meticulous attention to detail, a performance-driven mindset, and a never-give-up attitude, I consistently strive to deliver exceptional results. Additionally, I have a strong affinity for Linux and its associated technologies.

🧠 SKILLS

HTML (Semantic HTML)

CSS (SASS, Styled Components, Storybook, Tailwind)

Javascript / Typescript

React (Hooks, SSR, Redux, Next.JS, REST, GraphQL)

Node.js (Express, SQL, Nest.js, Prisma)

Linux (Bash, CLI)

🎓 EDUCATION

Self-taught Developer

May 2020 – Nov 2021

- Extensive self-directed study and practical application in frontend development, focusing on technologies such as HTML, CSS, JavaScript, Typescript and frameworks like React and Next.js.
- Acquired proficiency in Node.js, utilizing it for server-side development and building scalable web applications.
- Familiarity with Golang, having gained foundational knowledge and practical experience with the language.

Sociology (Double Major)

Istanbul University - Sociology Department 🔗

Sep 2015 – Aug 2018

GPA: 3.65

Faculty of Law

Istanbul University - Faculty of Law 🔗

Sep 2013 – Aug 2017

GPA: 3.4

🏢 PROFESSIONAL EXPERIENCE

Ximmio B.V. 🔗

Software Developer

Nov 2021 – present | Remote, Netherlands

Contributing to the ongoing advancement of waste management systems at Ximmio B.V. by developing and enhancing the frontend of the Ximmio Platform. Specializing in garbage truck route management, pickup scheduling, address management, reservation and order management, while enabling effective machine communication for garbage center organizations.

- Migration of legacy Angular projects to React in Typescript
- Introduced open source mapping solutions (OSM) alternative to costly Google services
- Improved product accessibility and expanded market reach through multi-language support and web accessibility standards, resulting in increased adoption and customer satisfaction
- Achieved significant business impact by designing and implementing modern user interfaces
- Created in-house markdown based documentation system to help my company during ISO certification process.

Cukur&Yilmaz Law Firm 🔗

Trainee Lawyer

Aug 2017 – Dec 2017 | Istanbul, Turkey

Developed strong problem-solving skills, effectively analyzing complex legal issues and crafting innovative solutions for clients. Enhanced interpersonal and communication skills further facilitated collaboration and successful resolution of legal challenges.
